The new prize will honour William Morely (Tremaine Medal Winner 1977) and the late Reginald Eyre Watters (Tremaine Medal Winner 1979) both recipients of the prestigious medal. 9. HISTORY OF THE BOOK IN CANADA/HISTOIRE DU LIVRE ET DE L'IMPRIMÉ AU CANADA (HBIC/HLIC)

HBiC/HLIC is in the midst of a phase of intensive production for its volumes and databases. The English edition of Volume I was delivered to University of Toronto Press in early November, with the French edition scheduled to be sent to Les Presses de l'Université de Montréal on 1 December 2003. Both editions will be published simultaneously in September 2004. Volume editors Patricia Fleming and Gilles Gallichan were grateful for the assistance of the many colleagues across Canada who brought the volume to fruition, and helped the project achieve one of its major milestones. Work continues apace on the other volumes. Volume II held its author conference at the University of Regina in mid-August and, although the power blackout in Toronto curtailed the travel of a number of authors, close to 20 attended the meetings. Co-editors Yvan Lamonde and Fiona Black were pleased with the feedback they obtained, and continue to collaborate with authors as they ready the manuscript for peer review in the early months of 2004. As of November 2003, many Volume III texts had been delivered to co-editors Carole Gerson and Jacques Michon. The texts are undergoing preliminary readings and commentary by the editorial team in preparation for the Volume III author conference, to be held at Longueuil in June 2004.

HBiC/HLIC marked another major milestone in June 2003 with the launch of three of the project's book history databases. The Bibliography of the History of the Book in Canada/Bibliographie sur l'histoire du livre et de l'imprimé au Canada (B-HBiC/B-HLIC), Catalogues canadiens relatifs à l'imprimé/Canadian Book Catalogues (CCRI/CBC), and Manuels scolaires au Canada/Canadian Textbooks (MSC/CT) can be accessed via the project's Web site at www.hbic.library.utoronto.ca (follow the Database links). The databases have been well received, and Bertrum H. MacDonald, Editor of Electronic Resources, notes that new records are being added on an ongoing basis. The database teams continue their work on two other electronic resources: the Canadian Book Trade and Library Index/Index canadien des métiers du livre et des bibliothèques (CBTLI/ICMLB) and Imprimés canadiens avant 1840/Canadian Imprints to 1840 (IC/CI).

Also in June, senior project members participated in a special program for the Rare Books and Manuscripts Section at the American Library Association conference in Toronto. Joined by a History of the Book in America editor, Robert A. Gross, the team presented an overview of the project, a panel discussion that examined HBiC/HLIC in its international context, a slide presentation on the iconography of the book in Canada, and a demonstration of the project's electronic resources. With some 100 people in attendance, the session provided an excellent means of informing librarians from across North America about the project. Staff members were again on hand at this year's Word on the Street to distribute flyers and bookmarks to the public. HBiC/HLIC will participate in other national and international events in the coming year.

For up to date information on HBiC/HLIC visit the Project's web site:

In June 2004, the Special Collecitons Interest Group (CLA) will host the following half day session at the Annual CLA conference in Victoria, British Columbia.

Making the Appraisal Process Work: A Panel Discussion

Recent changes to practices at the Cultural Property Export Review Board, Canadian Heritage have had an major impact on Special Collections Librarians. The implications for Librarians are wide reaching and will impact on gifts, donations, donor relations, and collection development. The purpose of this session is to explore the issue through the window of current practices drawing upon

the perspectives of special collection librarians, archivists, and a representative of the Cultural Property Export Board. As well, the many issues related to evaluating, documenting and submitting applications to the Cultural Property Export Board will be discussed. Thus the goal of the session is to assist special collections librarians make the "appraisal" process work. For more information contact:

Colloque sur l'état des collections des imprimés anciens au Québec

Les différentes bibliothèques québécoises regorgent, comme vous le savez, d'une multitude de livres imprimés aux XVe, XVIe et XVIIe siècles. Les institutions universitaires, religieuses, culturelles et même politiques, comme la Bibliothèque de l'Assemblée nationale, conservent quantité d'ouvrages qui pourraient être utiles à nos recherches et à celles de nos étudiants des cycles supérieurs. Malheureusement, ces richesses ne sont guère connues, et encore moins exploitées. Ce constat a mené un groupe de chercheurs à vouloir dresser, en collaboration avec la Bibliothèque nationale du Québec, un inventaire des imprimés des XVe, XVIe et XVIIe siècles présents en sol québécois.

Afin de poser les bases de ce projet et d'en affiner la problématique, nous souhaitons proposer un colloque dans le cadre de l'ACFAS, qui se tiendra à l'Université du Québec à Montréal, du 10 au 14 mai 2004. Trois thèmes y seraient abordés :

1. Quel est l'état des collections des imprimés anciens au Québec?
2. Quels genres de travaux se font à partir de ces collections?
3. Comment réaliser l'inventaire de ces imprimés?

Si cette première rencontre est couronnée du succès que nous espérons, elle ouvrira la porte à la tenue d'un colloque international au printemps 2006.

La présente a donc pour but de vous informer du lancement de ce projet et de vous inviter à y collaborer en présentant une communication lors de la rencontre du mois de mai prochain ou en y assistant. Naturellement, nous vous encourageons particulièrement à transmettre cette information à vos étudiant(e)s. Toute proposition de communication devrait être soumise pour le 15 janvier 2004 à l'adresse suivante :
